All-natural ingredients contain properties that help maintain healthy skin and leave you feeling soft and smooth. *

This product supports a healthy lifestyle. Individual results are not guaranteed and may vary based on diet and exercise. We cannot and do not guarantee that you will attain a specific or particular result, and you accept the risk that results differ for each individual. Health, fitness, and nutrition success depends on each individual's background, dedication, desire, and motivation. Always consult your healthcare professional before consuming any dietary supplement.

Ingredients:

Fully refined, certified pure Emu Oil

Emu oil is made from the fat of an emu. The emu is a flightless bird, native to Australia. The biggest benefit of emu oil is how it absorbs into the skin. In addition to its moisturizing capabilities, emu oil assists collagen production. Collagen is one of the compounds that keep your skin elastic, plump, and wrinkle-free. Emu oil also has many antioxidant properties that support healthy skin and its healing.¹

Vitamin E

Vitamin E is not a single vitamin, but rather a group of fat-soluble vitamins with antioxidant effects. Antioxidants fight free radicals, which are electrons that have broken off from an atom. Vitamin E oil's potential benefits derive from two key features: its antioxidant properties and its moisturizing properties.²

The moisturizing benefits of vitamin E oil help the skin feel smoother and healthier.*
