

NutraBurst®

PREMIUM LIQUID MULTIVITAMIN AND DETOX

STORE AWAY FROM HEAT AND LIGHT. REFRIGERATE AFTER OPENING.

TAKE IT

Shake well. Best used early morning on an empty stomach. May be combined with juice.

DOSE

One tablespoon daily or as directed by your healthcare professional.

More Than a Multivitamin

NutraBurst is much more than a regular daily supplement. This liquid multivitamin is designed to detox your body and supply essential nutrients. Our multiblend formula contains 72 minerals, 10 Vitamins, 22 Phytonutrients, 19 Amino Acids, 13 Whole Food Greens, and 12 Herbs.

NutraBurst is more economical to purchase than the same number of individual nutrients provided by different bottles or capsules, and is easier to ingest than difficult-to-swallow pills and tablets.

Feed Your Body

The bonded mineral compound creates a benefit greater than the sum of its parts. NutraBurst is a complete vitamin supplement that meets and exceeds the recommended daily consumption of vitamins and essential nutrients in a single tablespoon. These included ingredients are vital to maintaining a healthy body.¹

NutraBurst provides Calcium for bones, teeth and muscles; Magnesium for the nervous system; Chromium to help regulate insulin; Potassium for maintaining fluid balance; Phosphorus for supporting acid-base balance; Iodine for a your metabolism; and many more important common and trace minerals.¹

NutraBurst is also a great source of plant-based, whole food ingredients. In studies sponsored by the National Institutes of Health, diets heavy with plant-based whole foods have been shown to support your body's overall wellness.²

Feel Better All Day and Night

The multi-blend formula includes nineteen amino acids to ensure your body is performing to the best of its ability. Amino acids and proteins are the building blocks of life. A large proportion of our cells, muscles and tissue are made up of amino acids, meaning they carry out many important bodily functions. The amino acids in NutraBurst may help muscle recovery during your healthy exercise program.³

This product supports a healthy lifestyle. Individual results are not guaranteed and may vary based on diet and exercise. We cannot and do not guarantee that you will attain a specific or particular result, and you accept the risk that results differ for each individual. Health, fitness, and nutrition success depends on each individual's background, dedication, desire, and motivation. Always consult your healthcare professional before consuming any dietary supplement.
