Essential Soap

Essential Soap, from Total Life Changes, is a 100% pure therapeutic grade essential oils soap, combining a premium blend of oils and shea butter to provide a superior cleanse while leaving skin feeling moisturized and healthy.*

Soaps are a perfect pairing to essential oils. Essential oils were once classified by a Frenchman by the name of G.W. Septimus Piesse in the early 1900’s. He even went so far as to categorize essential oils based on a musical scale system of top note, middle note, and base note. Top notes are fleeting. This is the first rush of scent. Middle notes take a bit longer to recognize, but they provide body to a scent blend. Base notes are slow to evaporate, long lasting, and act as a fixative in the blend. They are typically rich, heavy scents.
