Benefits

Chaga stands out as the most significant active ingredient in laso® Latin style coffee because it contains numerous B vitamins, flavonoids, phenols, minerals, and enzymes. It is also one of the world's densest sources of pantothenic acid (needed by the adrenal glands and digestive organs). It provides a special substance known as superoxide dismutase (SOD). This is an enzyme with great potency. Ganoderma weighs in with impressive anti-inflammatory and antioxidant benefits. Cordyceps are believed to improve energy, appetite, stamina, libido, endurance and sleeping patterns.
