

Stem Sense

ANTI-INFLAMMATORY MUSCLE AND JOINT REPAIR CAPSULES

STORE IN A COOL, DRY PLACE.

TAKE IT

Morning.

DOSE

Adults take two capsules daily with food or as directed by your healthcare professional.

Stimulate Your Stem Cells

This cellular derived complex is an all-natural dietary supplement that delivers potent anti-inflammatory support compounds to help relieve joint and muscle soreness due to exercise or aging. This extremely multifaceted proprietary blend is designed to activate Nerve Growth Factor (NGF), thus encouraging healthier brain cell communication through the re-growth of neurites. Stimulate the growth factors that activate the stem cells in your body and replace worn-out cells to increase mental and physical energy. *

Active Ingredients:

Proprietary Blend (Freeze Dried Egg Powder)

Powdered eggs are fully dehydrated eggs. They are made using spray drying in the same way that powdered milk is made.

Proprietary Blend (Hydroxytyrosol Powder)

Hydroxytyrosol is often considered nature's perfect antioxidant. It is one of the key active ingredients in the olive that is largely responsible for the olive's tremendous health benefits. Hydroxytyrosol is a natural phytochemical with the highest antioxidant properties discovered to date. It is a natural extract from the olive fruit (not the olive leaf) with a high level of natural hydroxytyrosol, obtained with the sole use of physical and mechanical processes. Hydroxytyrosol and its derivatives protect blood lipids from oxidative stress.

Proprietary Blend (Schisandra Chinensis Extract)

Schisandra is a plant. The fruit is used as food and also to make medicine. Schisandra is used as an "adaptogen" for increasing resistance to disease and stress, increasing energy, and increasing physical performance and endurance.

Proprietary Blend (Boswellia Serrata Extract)

Boswellia serrata is a plant that produces Indian frankincense. Indian frankincense is used for osteoarthritis, rheumatoid arthritis, joint pain (rheumatism), bursitis, and tendonitis. The resin of Indian frankincense contains substances that may decrease inflammation.

Proprietary Blend (Dead Sea Salt)

Dead Sea salt refers to salt and other mineral deposits extracted or taken from the Dead Sea. This salt can help relieve muscle cramps and soreness, as well as ease the pain and discomfort of fatigued and tense tissues.

Proprietary Blend (Brewer's Yeast)

Brewer's Yeast is made from *Saccharomyces cerevisiae*, a one-celled fungus. It is a rich source of chromium, which may help

your body maintain normal blood sugar levels. Brewer's yeast contains small organisms (microflora) that help maintain the proper functioning of the digestive tract. Brewer's yeast is a nutritional supplement and may enhance energy levels and strengthen the immune system. It's a rich source of chromium, protein, selenium, potassium, iron, zinc and magnesium.

Proprietary Blend (Fucoidan)

Fucoidan is a substance found in the cell walls of certain seaweed species. Used medicinally for a wide variety of health purposes, Fucoidan also seems to provide anti-coagulant and anti-thrombotic effects that improve blood circulation. The substance offers actions that modulate the immune system and antioxidant actions as well.

Best Used With:

Chaga is an all-natural immune-boosting superfood that functions as a powerful antioxidant.*

ProZ is a two capsule combination of all-natural probiotic, prebiotic, and enzyme blend combined with a formula designed to help you naturally and effortlessly relax from your day, fall asleep faster, sleep more soundly, and feel great in the morning. *

NutraBurst** liquid multivitamin dietary supplement replenishes vital nutrients & minerals.*
