PROVIDES A GENTLE DETOX

All-natural Detox & Cleanse

Enjoy the detox benefits of the original laso[®] Tea in an all-natural instant formula and lose up to 5lbs in 5 days.* This proprietary blend is equipped with three incredible, all-natural extracts and combined with Nutriose[®] FM06 (a soluble dextrin fiber) to help suppress your appetite.

Popular benefits of this cleansing formula include weight loss & weight management, a boost in energy, mental clarity, improved skin, and gentle cleansing of your intestines and internal organs.

laso[®] Tea Instant Our unique blend is intended to provide gentle colon cleansing and natural body detoxification. laso[®] Tea Instant provides several all-natural and organic extracts well known for its anti-inflammatory and antioxidant qualities. The addition of soluble fiber in laso[®] Tea Instant's formula is designed to reduce appetite so you will feel fuller after eating. laso[®] Tea Instant works synergistically with Total Life Changes[®] full line of health and wellness supplements. Consuming the tea before meals will begin to affect the stomachs "stretch receptors" which send a message to the brain that food is present. The soluble fiber enters the digestive tract after consumption, causing hormonal signals to be released to the hypothalamus (which controls the body temperature, hunger, thirst, fatigue, sleep, and circadian rhythms). Both of these signals will continue to be released as your meal is consumed, thus creating a "feel-full factor" sensation within the brain.

Soluble Fiber Dextrin

Nutriose[®] FM 06 is a soluble dextrin derived from corn starch (which provides the benefits of dietary fiber while maintaining the quality of the tea). It has a low viscosity and dissolves in water easily. Studies have shown that soluble fiber can promote satiety (the sensation of feeling full).

Cassia Angustifolia Extract

The extract of the seeds of Cassia Angustifolia, a native Indian plant, are reported to have great cleansing qualities that relieve constipation. The extract may also increase colon motility.

Carica Papaya Extract

This flowering plant originated within southern Mexico and Central America. Carica Papaya is believed to have anti-inflammatory, antioxidant and wound- healing properties.

Matricaria Chamomilla Extract

This extract is derived from the flowering head of the annual plant. It has been used in herbal medicine to treat stomach pain, irritable bowel syndrome and as a gentle sleep aid.
